"The future of the automobile indus-try lies with the dealer," said H. S. Quine of the Goodyear company. "Without the dealer's desire to sell satisfaction, to give dealer's desire to sell satisfaction, as service and save the consumer money the industry will suffer. And service consists Defeats Seton Hall This Time by in having what the motorist wants, where he wants it and when he wants it. For that reason the garage owner should handle accessories, and tires and all the many things motorists need. The logical place to look for automobile necessities is the garage where the man bought the car, and if he is not enabled to get them he is disappointed.

"It is unfortunate that many garage men aim only at the large profit. They do not seem to realize that success lies in having a large volume of sales with small profits. But there is a new dealer to-day. He is a liberal user of newspaper space; he advertises and goes out after the variable for the lineup:

For the coming scratch relay races the Irish American team is picked, so far as three men go—Sheppard, Rosenberger and Kiviat. For the fourth place a trial is contemplated, with Meyer, Hirshon, Coyle Riley and Pepis the eligible sprinters.

The Delivery Car That Leads the Show

When you visit the New York Commercial Car Show be sure you see the Lippard-Stewart 1.500 pound Delivery Car. Be sure you investigate this efficient car in every detail. Be

sure that you see its many refinements of construction-its many special features. Note its simplicity—its grace—its easy operation. Observe how really accessible every vital part of its mechanism is even when the car is loaded.

Better still, consider how perfectly the car is built. How readily it meets your business requirements and how it will deliver more goods over a wider territory at less cost per package than is possible with horsedrawn equipment. Records prove this statement. Our representative will be glad to show you just how and why the Lippard-Stewart Car excels.

Note These Special Features of Lippard-Stewart Construction:
